# COVID 19 – A GLOBAL PANDEMIC

## PUBLIC SERVICES UNIFORMED & NON UNIFORMED ON THE FRONT LINE

Our Public Services are truly outstanding. The largest hospital in the world has been built in just two weeks. Experts from the military who have a vast amount of knowledge in building field hospitals and the NHS have come together in a time of National Crisis to help with the effort of beating this virus. In the next page can you describe the role the NHS, the ambulance service, the military, the fire & rescue service and the army of volunteers have in helping to combat this virus not just in the hospitals but in the community to?
