What is a Degree Apprenticeship?

‘A Higher or Degree Apprenticeships combines working with study, giving learners the chance to gain work experience whilst achieving a full degree by the end of their apprenticeship.’

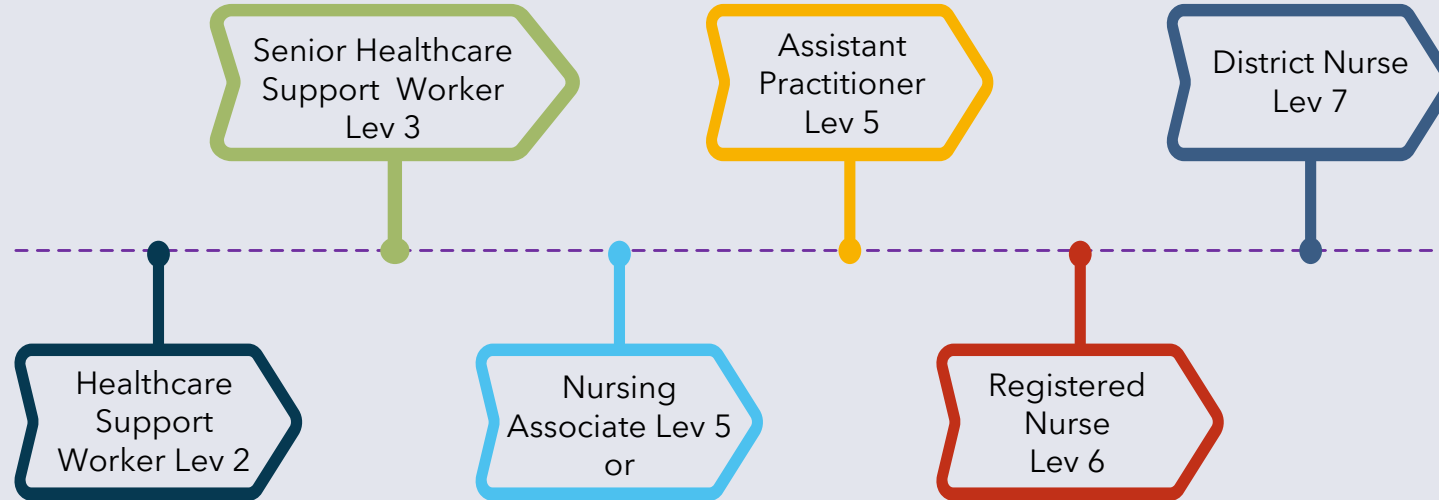

- A Degree Apprenticeship can take anything from One to Six years (Advanced entry)
- Part company/part University based
- Typically 1 day a week release (6hrs OTJ) with most organisations
- Lessons will involve projects, research and assignments
- The apprentice will be visited a minimum of four times per year in their work place

Why UCLan?

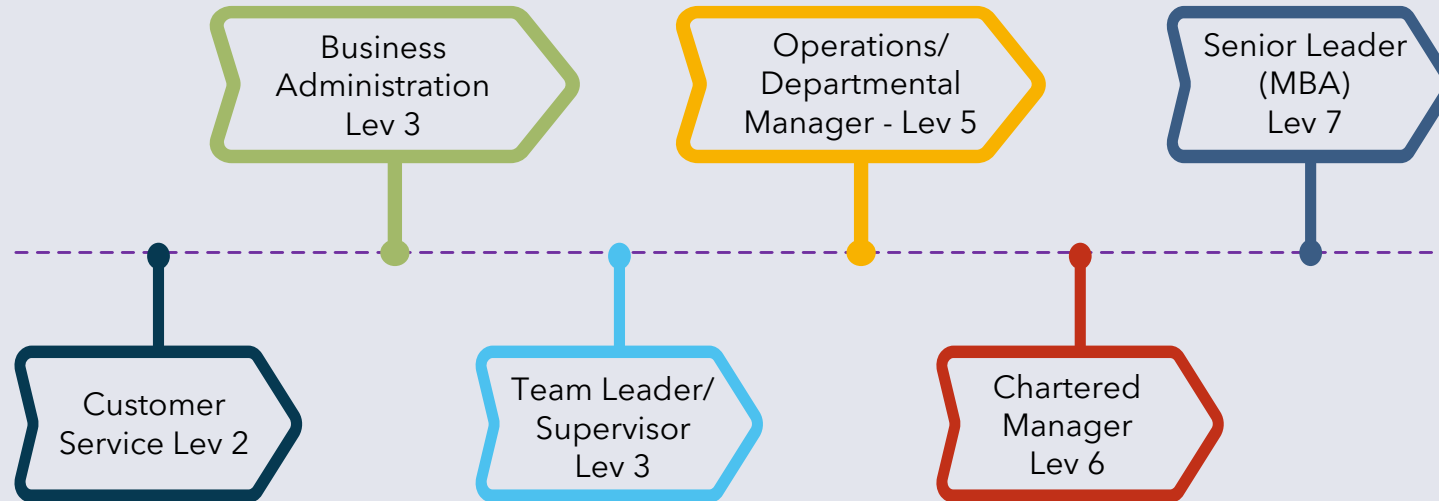

- We now have 1850 apprentices
- Projected over 2300 by September 2023
- Career pathways from Lev 2 – Lev 7

UCLan Career Pathway – Lev 2 to Lev 7
